INDEPENDENT AUDITOR'S REPORT

January 23, 2007

Executive Board of S.T.I.N.G.
496 E. Houghton Ave.
West Branch, MI 48661

I have audited the accompanying financial statements of the governmental activities and major fund of S.T.I.N.G. as of and for the year ended September 30, 2006 which collectively comprise S.T.I.N.G.'s basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the S.T.I.N.G.'s management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to in the first paragraph above present fairly, in all material respects, the financial position of the governmental activities and major fund of S.T.I.N.G. as of September 30, 2006 and the respective changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

MEMBER MACPA and AICPA

The management's discussion and analysis and budgetary comparison information on pages 3 to 7 are not a required part of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, I did not audit the information and express no opinion on it.

My audit was made for the purpose of forming an opinion on the financial statements that collectively comprise S.T.I.N.G.'s basic financial statements. The supplemental statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements of S.T.I.N.G. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

A handwritten signature in dark ink, appearing to read "James M. Anderson". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

MANAGEMENT'S DISCUSSION & ANALYSIS
SEPTEMBER 30, 2006

Using this Annual Report

Our discussion and analysis of S.T.I.N.G.'s financial performance provides an overview of the Unit's financial activities for the fiscal year ended September 30, 2006. This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Revenue, Expenses, and Changes in Net Assets provide information about the activities of the Unit and present a longer-term view of the Unit's finances.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to S.T.I.N.G.'s basic financial statements. These statements are comprised of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Reporting S.T.I.N.G. as a Whole

Government-Wide Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of S.T.I.N.G.'s finances, in a manner similar to a private-sector business.

The *Statement of Net Assets* presents information on all of S.T.I.N.G.'s assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of S.T.I.N.G. is improving or deteriorating.

The *Statement of Activities* presents information showing how S.T.I.N.G.'s net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Fund Financial Statements. A fund is a grouping of related accounts and is used to maintain control over resources that have been segregated for specific activities or objectives. S.T.I.N.G., like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. S.T.I.N.G. maintains one governmental fund and one fiduciary fund.

Governmental Fund. All of the Unit's basic services are reported in the governmental fund, which focus on how money flows into and out of this fund and the balance left at year-end that is available for spending. This fund is reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statement provides a detailed short-term view of S.T.I.N.G.'s general governmental operations and the basic services it provides.

S.T.I.N.G.
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)
SEPTEMBER 30, 2006

Fiduciary Fund. The Fiduciary fund is used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Unit's own programs. S.T.I.N.G. uses a fiduciary fund to account for non-adjudicated funds held.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The statements mentioned above, report the Unit's net assets and how they have changed. The reader can think of the Unit's net assets (the difference between assets and liabilities) as one way to measure the Unit's financial health or financial position. Over time, increases or decreases in the Unit's net assets are one indicator of whether its financial health is improving or deteriorating, respectively.

Financial Analysis of S.T.I.N.G. as a Whole

S.T.I.N.G.'s net assets increased approximately 65%, or \$12,343, from (\$19,052) to (\$6,709) for the year ended September 30, 2006. The net assets and change in net assets are summarized below.

Net Assets

The overall financial position improved in 2006. The unrestricted net assets increased by \$12,343. The primary reason for the improvement was the substantial increase of \$35,191 in revenues in 2006 compared to a decrease in expenses of \$2,848.

The net assets as of the year ended September 30, 2006, are as follows:

	<u>2005</u>	<u>2006</u>	<u>Variance</u>	<u>%</u>

Using this Annual Report

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities provide information about the activities of the Team as a whole. The supplemental financial statements tell how these services were accomplished and compared to the budget.

Synopsis

The Strike Team Investigative Narcotics Group (S.T.I.N.G.) Is a multi-jurisdictional law enforcement task force. The team has police officers assigned from the Michigan State Police, Oscoda Township Police Department, Roscommon County Sheriff's Office and the Crawford County Sheriff's Office. Financial support comes from governmental entities that contribute cash, federal grants, court fees and money generated via the Narcotics Forfeiture Act.

Financial History

S.T.I.N.G. currently has financial assets of approximately \$31,000 with approximately \$115,000 of pledged contributions for fiscal 2006/07 yet received. During the time period of 2001-2004 average revenues (\$125,989) versus expenditures (\$165,446) averaged a net loss of \$39,457 per year. During fiscal 2005/06 net revenue was approximately \$160,877 versus expenditures of approximately \$148,534, or a net gain of approximately \$12,343. Although this reverses the trend from prior years, it still leaves a deficit of approximately \$6,700. The factors listed in the next section should account for this deficit and result in a positive cash flow.

Economic Factors/Budget Forecast

We continued to recruit local townships/cities in Iosco County to financially support S.T.I.N.G. These additions to our financial support base have increased S.T.I.N.G. assured revenues to approximately \$135,000 for FY 2006/07. This represents over 90% of the operational budget, an increase from 70% during fiscal year 2006/07. It greatly reduces the reliance on forfeitures to ensure funding for S.T.I.N.G. operations.

Historically the JAG program (formally BYRNE) funds 50% of all personnel costs for S.T.I.N.G. officers. For fiscal 2006/07 the total national grant funds available have been reduced from 634 million dollars to 415.5 million dollars. Although grant funding for FY 2006/07 remains the same as FY 2005/06, the outlook for upcoming years is guarded, with possibly more cuts. The possible solutions include the shifting of the grant match payment responsibility from S.T.I.N.G. to individual agencies, layoffs of officers to reduce the amount of grant match S.T.I.N.G. pays or increasing the per-capita rate to compensate. The S.T.I.N.G. Executive Board is kept informed of the continuing financial challenges we face.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2006

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of S.T.I.N.G. conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the significant policies:

DEFINING THE REPORTING ENTITY

S.T.I.N.G. (Strike Team Investigative Narcotics Group) is operated under an interagency agreement which includes Crawford, Ogemaw, Oscoda, Iosco, and Roscommon Counties and the Michigan State Police. The purpose of this alliance is to establish a cooperative force combining their investigative services, manpower and/or resources for enforcement of Michigan controlled substances laws and related criminal activity. The criteria established for determining the reporting entity include overnight responsibility, scope of public service, and financing relationships. Only the activities of S.T.I.N.G. are included in these financial statements.

Government-Wide Financial Statements - The reporting model includes financial statements prepared using full accrual accounting for all S.T.I.N.G.'s activities. This approach includes not just current assets and liabilities, but also capital and other long-term assets as well as long-term liabilities. Accrual accounting also reports all of the revenues and costs of providing services each year, not just those received or paid in the current year or soon thereafter. Government-wide financial statements include the following:

Statement of Net Assets - The statement of net assets is designed to display the financial position of the Primary Government (governmental and business-type activities) and the total of its discretely presented component parts. S.T.I.N.G. reports capital assets in the government-wide statement of net assets and reports depreciation expense - the cost of "using up" capital assets-in the statement of activities. The net assets of S.T.I.N.G. are broken down into three categories: 1) invested in capital assets, net of related debt; 2) restricted; and 3) unrestricted.

Statement of Activities - The statement of activities reports expenses and revenues in a format that focuses on the cost of each of S.T.I.N.G.'s functions. The expense of individual functions is compared to the revenue generated directly by the function. Accordingly, S.T.I.N.G. has recorded capital assets and certain other long-term assets and liabilities in the statement of net assets and has reported all revenues and the cost of providing services under the accrual basis of accounting in the statement of activities.

DONATED SERVICES

Personnel for the operations of S.T.I.N.G. are provided by the law enforcement agencies whose officers are working with S.T.I.N.G. No expense or revenue has been recorded for these donated services in the books and records of S.T.I.N.G.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

BASIS OF PRESENTATION - GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements include the Statement of Net Assets and the Statement of Activities. These statements report financial information on the S.T.I.N.G. as a whole, excluding fiduciary activities for non-adjudicated funds.

The Statement of Net assets presents S.T.I.N.G.'s assets and liabilities with the difference being reported as either invested in capital assets, net of related debt or restricted net assets.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by general revenues. Direct expenses are those that are clearly identifiable with a specific function or segment.

BASIS OF PRESENTATION - FUND FINANCIAL STATEMENTS

Separate financial statements are provided for the operating fund (governmental fund) and the fiduciary fund. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions.

GENERAL FUND

This fund is used to account for all financial transactions except those required to be accounted for in another fund. The fund includes the general operating expenditures of the local unit. Revenues are derived primarily from forfeitures and restitution, interest on savings accounts and miscellaneous income.

FIDUCIARY FUNDS

These funds are used to account for assets held in trust or as an agent for others. Non-adjudicated activities are recorded in this category. Fiduciary activities are not reported in the government-wide financial statements, in accordance with GASB Statement No.34.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MEASUREMENT FOCUS/BASIS OF ACCOUNTING - GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

MEASUREMENT FOCUS/BASIS OF ACCOUNTING - FUND FINANCIAL STATEMENTS

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities for the current period. For this purpose, the Unit considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

CAPITAL ASSETS AND DEPRECIATION

The S.T.I.N.G.'s property, plant, and equipment, with useful lives of more than one year are stated at historical cost and comprehensively reported in the government-wide financial statements. Donated assets are stated at fair value on the date donated. The Unit generally capitalizes assets with historical cost of normal maintenance more as purchase and construction outlays occur. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts and the resulting gain or loss is recorded in operations.

Estimated useful lives, in years, for depreciable assets are as follows:

Computers and peripherals	1-3 years
Office furniture	5-20 years
Vehicles	4-7 years
Buildings and improvements	25-40 years
Land improvements	10-20 years
Machinery and equipment	5-10 years

Land and construction in progress are not depreciated.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

DEPOSITS AND INVESTMENTS

The S.T.I.N.G.'s cash and cash equivalents are considered to be cash on hand, demand deposits and short term investments with original maturities of three months or less from date of acquisition.

State statutes authorize a governmental unit other than S.T.I.N.G. to invest in bonds and other direct and certain indirect obligations of the U.S. Treasury; certificates of deposit, savings accounts, deposit accounts, or depository receipts of a bank, savings and loan association, or credit union, which is a member of the Federal Deposit Insurance Corporation, Federal Savings and Loan Insurance Corporation, or National Credit Union Administration, respectively; in commercial paper rated at the time of purchase within the three highest classifications established by not less than two standard rating services and which matures not more than 270 days after the date of purchase. The governmental unit is also authorized to invest in U.S. Government or federal agency obligation repurchase agreements, bankers' acceptances of U.S. banks, and mutual funds composed of investments as outlined above.

NOTE B - CASH AND INVESTMENTS

S.T.I.N.G.'s adjudicated and unadjudicated checking accounts were maintained by the County of Roscommon for the fiscal year ending September 30, 2006. These bank accounts had a combined book balance of \$30,231 as of September 30, 2006. The combined bank balance as of September 30, 2006 was \$59,814. 100% of the bank balance was covered by FDIC insurance.

Deposits are categorized into these three categories of credit risk:

1. Insured or collateralized with securities held by the entity or by its agent in the entity's name.
2. Collateralized with securities held by the pledging financial institution's trust department or agent in the entity's name.
3. Uncollateralized

	Carrying Amount	Bank Balance
Insured (FDIC)	\$ 30,231	\$ 59,814
Uninsured and Uncollateralized	<u>-0-</u>	<u>-0-</u>
Total Deposits	30,231	\$ 59,814
Cash on hand	<u>7,500</u>	
Total Cash and Equivalents	<u>\$ 37,731</u>	

Michigan law prohibits the collateralization of public funds.

January 23, 2007

Executive Board of S.T.I.N.G.
496 E. Houghton Ave.
West Branch, MI 48661

In planning and performing my audit of the financial statements of S.T.I.N.G., as of and for the year ended September 30, 2006, I considered S.T.I.N.G.'s accounting, operational, and internal control procedures to determine the nature and extent of my audit testing for the purpose of expressing an opinion on the financial statements of S.T.I.N.G. and not to provide assurance on the procedures themselves.

I did however, during the course of my audit, become aware of certain matters that are opportunities for enhancing those procedures or controls. The memorandum that accompanies this letter summarizes my comments and suggestions regarding those matters. This letter does not affect my report dated January 23, 2007, on the financial statements of S.T.I.N.G.

I have already discussed these comments and suggestions with S.T.I.N.G.'s personnel, and I will be pleased to discuss them in further detail at your convenience, and/or to perform any additional studies of these matters, should you so desire.

Sincerely,

COMMENTS AND RECOMMENDATIONS

Fund Balance Deficit

As of September 30, 2006, S.T.I.N.G. had a fund balance deficit of \$6,709. According to Public Act 275 of 1980, a deficit elimination plan is required to be submitted to the Michigan Department of Treasury. It is my understanding that management is in the process of submitting the plan. In addition, it is also my understanding that the 2007/08 budget includes increases in revenues over expenditures in excess of the fund balance deficit indicating that S.T.I.N.G. anticipates eliminating the deficit with current year revenue increases.
